

## INFORMATION LETTER

V International Forum  
«**COGNITIVE NEUROSCIENCE – 2022**»  
**December 9-10, 2022**  
Yekaterinburg

Dear colleagues!

We are happy to invite you to take part in the annual V International Forum "Cognitive neuroscience - 2022". In recent years, the Forum has become a significant event that brings together Russian and foreign experts in the field of cognitive neurosciences, as well as in related fields of fundamental and applied science.

**The purpose of the Forum** is to integrate the experience of leading experts in fundamental and practical cognitive neuroscience and also to determine the prospects for the development of modern neuroscience and cognitive technologies.

**The main topics:**

- Educational neuroscience and cognitive aspects of learning
- Psychogenetics and cognitive development
- Clinical psychology and mental health
- Neuro- and psycholinguistics
- Neuro- and cognitive heuristics
- Behavioral economics and neuromarketing
- Psychological well-being in the digital world

- Cognitive aspects of aging
- Practical application of cognitive technologies

"Cognitive neuroscience - 2022" will feature plenary session, sections, symposia, business roundtable and project demonstrations. Sessions and events at the annual meeting are designed to provide attendees with a range of opportunities, including scientific enrichment, career development, and professional networking.

**Forum venue:** Ural Federal University named after the first President of Russia B. N. Yeltsin. 620002, Yekaterinburg, Mira str., 19.

**Forum organizers:** Ural Federal University named after the first President of Russia B.N. Yeltsin, Infrastructural Center «EduNeuro» by Phystech-schools Development Foundation, with the participation of Russian Academy of Education, Russian Psychological Society, Russian Academy of Sciences, Branch Union «Neuronet», UMMC-Health Center for Cognitive Technologies.

## **KEYNOTE SPEAKERS**

**Alan Kaluev**, PhD, Director of ZENEREI Research Center (USA), Distinguished Chair Professor of Neuroscience and Pharmacology at GDO University (China), Professor of Neuroscience at St. Petersburg State University (St. Petersburg, Russia)

**Alexander Hramov**, Doctor of Physical and Mathematical Sciences, Head of the Laboratory of Neurosciences and Cognitive Technologies, Innopolis University (Kazan, Russia)

**Boris Velichkovsky**, Doctor of Psychology, Professor of the Department of Methodology of Psychology, Moscow State University named after M.V. Lomonosov, Professor of the Russian Academy of Education (Moscow, Russia)

**Elena Nikolaeva**, Doctor of Biological Sciences, Professor, Head of the Department of Developmental Psychology and Pedagogy, Russian State Pedagogical University named after A. I. Herzen (St. Petersburg, Russia)

**Galina Soldatova**, Corresponding Member of the Russian Academy of Education, Doctor of Psychology, Professor of the Department of Personality Psychology, Faculty of Psychology, Moscow State University named after M.V. Lomonosov, Director of the Internet Development Foundation (Moscow, Russia)

**Marie Arsalidou**, PhD, Associate Professor, University of York, Head of the Laboratory for the Neurobiological Foundations of Cognitive Development, Higher School of Economics (Toronto, Canada)

**Mikhail Lebedev**, PhD, Scientific Director of the Higher School of Economics Center for Bioelectrical Interfaces, Associate Professor, Center for Neuroengineering, Duke University (Durham, USA)

**Mikhail Myagkov**, PhD, Professor at the Institute of Cognitive and Behavioral Sciences at the University of Oregon, Scientific Director of the Big Data Science Laboratory at Tomsk State University (Tomsk, Russia)

**Natalia Galkina**, founder and CEO of «Neurotrend» and «NeuroChat», head of the Neurocommunications and Marketing segment of the NeuroNet NTI roadmap (Moscow, Russia)

**Olga Razumnikova**, Doctor of Biology, Professor of the Department of Psychology and Pedagogy, Novosibirsk State Technical University, Chief Researcher, Research Institute of Physiology and Fundamental Medicine (Novosibirsk, Russia)

**Sergey Malykh**, Doctor of Psychology, professor, Academician of the Russian Academy of Education, Head of the Laboratory of age Psychogenetics at Russian Academy of Education (Moscow, Russia)

**Theophilus Lazarus**, PhD, MD, Clinical and Forensic Neuropsychologist, Research Fellow, Department of Psychology, Emory University (Atlanta, USA)

**Vittorio Calabrese**, PhD, MD, Head of School of Clinical Pathology and Clinical Biochemistry, Full Professor Clinical Biochemistry at University of Catania (Catania, Italy)
